1. Course work for PhD students.

The course work to be prescribed for the new batch of PhD students was discussed. After detailed deliberations, it was recommended that the students need to complete the following core courses as part of their course work requirement:

Sl.	Course Number	Course Title	L-T-P structure			Credits
			L	T	P	
1	BBL771	Microbial Biochemistry and Molecular Biology	3	0	2	4
2	BBL772	Data Analytics and Informatics in Biotechnology	2	0	2	3
3	BBL773	Applied Mathematics for Biochemical Engineering	3	0	0	3
4	BBL737	Instrumentation & Analytical Methods in Bioengineering	2	0	2	3

In addition, a student, on recommendations of his/her Supervisor, can register for other courses (from the existing M.Tech and/or pre-PhD courses offered at 7- or 8-level at the Institute) to complete his/her minimum credit requirement .

2. Changes to the course offering during Semester 1, 2022-2023

In lieu of the decision taken on Item 1 above, the board recommended the following changes in the course offering in Semester 1, 2022-2023:

Courses to be dropped from the current offering:
