

Dear Candidate,

Thanks for your interest and application to the Department of Biochemical Engineering Ph.D. program. Your application will be shortlisted based on the shortlisting criteria added to the website. If you match the shortlisting criteria, your interview will happen over two days (2nd and 3rd December) and in two stages.

1. The first round of the interview is a Q&A session with DBEB faculty conducted over MS Team (Audio and Video ON). Round one of Ph.D. interview will take place on **2nd December 2022 from 9.30 AM to 11.30 AM**. The link for your online exam will be sent via email to shortlisted candidates. You are expected to join this online interview with a good internet connection.
2. Each applicant will be asked 8 questions from the question bank based on his/her preference between Biochemical Engineering or Bioscience subjects. Students can choose to answer from either Bioscience or Biochemical Engineering section. The questions will carry equal weight. The syllabus for the exam is given on the DBEB website.
3. Based on the responses, students will be shortlisted for the second round of interviews to be conducted by video conferencing on MS teams. This is scheduled on **2nd December 2022 starting 1 PM** and can continue on to **3rd December 2022**.
4. Further instructions and links to the online meeting will be sent via email to the shortlisted candidates.
5. If you have any queries, you can reach us at eoabbce@dbeb.iitd.ac.in, 011-26591001 for support.

with best wishes

Ravikrishnan Elangovan
